Even though we sold a ton of plants this summer, we have waaaaay too many plants and we have to get rid of at least 732 more plants right now. Most of these plants are only \$5.99 each if you buy them now.

This is completely WhackaDoodle Crazy to sell these plants for less than \$5.99 each, they're normally a great bargain at \$5.99, and honestly, these plants will sell for more next year, but I have to move them to make room.

Print this page out, grab a red or blue pen and circle the things you want. This is what we have . . .

We have a ton of stuff. Too much to list! You have to come out and look around, and grab a few plants.

We are located at 22817 Westwood Drive in Strongsville. About a mile west of Prospect, close to the county line, look for the Red pick-up truck and the "Plant Sale" signs.

Listen, my wife Cathy has been here all summer making cuttings potting up plants, pulling weeds, dragging hoses etc. Pretty much making baby plants all summer. We have close to 2,000 baby plants that are ready to come out of the sand bed and be potted up. Now she wants some of these plants gone. So, help me out here will ya? We need to make room for all the plants she made this summer. If I don't sell some of these plants she's gonna, well, you know.

The sale is September 20th-22nd. I know what you're thinking, Neal, it's September, we can't plant anything now. WRONG! This is the absolute best time of year to transplant perennials. They'll go through less shock now when it's cooler and wetter. They are going into their dormancy now anyway. They'll wake up next spring and be ready to go!

Tell your 30-year-old adult children about my plant sale. They don't read the paper, they're glued to their little electronic devices. They think they are well connected to what's going on, but obviously they aren't or they'd know about my plant sale! How will they ever function without us?

Put our address into your GPS right now so you don't get lost coming to our place at 22817 Westwood Drive in Strongsville on Friday, Saturday, and Sunday, September 20-22.

P.S. - We will have "No-name" Hostas and Day Lilies for sale at \$3.00 each! These are lost-tag plants (be sure to ask us about that story) that we can't sell at the normal price because we don't know exactly what they are but they're a terrific bargain for the adventurous gardener.

Here's the asterisk-

*P.P.S. -Print out this ad, fill it out, bring it to the sale and for every 4 plants you buy, you will get a free plant of equal or lesser value FREE! The more you buy, the more you save! Plus, all prices include Ohio sales tax, so the price you see is the price you pay.
